## **Centre History**

Taché Community Day Care has been an integral part of the Lorette community for over 25 years.

Taché Community Day Care first opened at École Lagimodiere in the early 1980s. It was a one-room facility licensed for 32 infant, preschool, and school-aged children.

Taché Community Day Care opened it's current facility, at 480 Senez Street, in 2007. The centre doubled in size and is now licensed for 60 children.

In 2009 Taché Community Day Care opened an off-site school-age centre. In 2011 it relocated to its current location at 1298 Dawson Road. It has space for 45 school-aged children.

Taché Community Day Care has enjoyed working with children and families in Lorette, and will continue to grow with the community in the future.
