

## **Christine (School-Age)**

---

Early Childhood Educator II

My career in childcare began in 2000. I started out with a home daycare and when my middle child was old enough I returned to college to finish my education. I worked in a school-age centre in Portage for many years and was eventually promoted to supervisor.

When I moved to Lorette in 2011 I started work in PS1. I was promoted to school-age supervisor soon after. I really enjoy working with our wonderful staff and great kids.
