Early Childhood Assistant

I live in Lorette and have worked at Taché Community Day Care since September 2011. I have been working with kids since 2002. I have a degree in Faculty of Law Enforcement and an Educational Assistant Certificate. I am currently going to Red River to get my degree in Early Childhood Education (Level II).

I have been married to my husband Jason for 12 years. We have two children (Austin and Meagan) and three dogs (Gabby, Harley, and Diesel). Jason disposes for a local trucking company plus we own a truck.

When I am not working in the summer I am at our camper. We have a seasonal spot I love. I have always been scared of the water, but this year I discovered I can float on floaties. I still can't swim but I hope to change that. I also enjoy football and this year I coached Austin's team. Our family tries to go to as many Blue Bomber Games as possible.
