Early Childhood Educator III

I have worked in the field of Early Childhood Education since 1998 and have been at Taché Community Day Care since 2007. I have been an Ethics Guide for the Manitoba Child Care Association since 2008 and currently sit on the MCCA Ethics Committee. I am also a member of the MCCA School-Age Resource Committee.

I graduated with honours from the University of Manitoba with a Bachelors of Arts in Sociology and Statistics in 2001 and from Red River College with an honours degree in Business Administration (major in accounting) in 2004. In 2008 I graduated with honours from Assiniboine Community College with an advanced diploma in Early Childhood Program Management (earning ECE III classification).

According to my personal childcare philosophy, I will encourage the social, physical, cognitive, and emotional (holistic) development of all children in a safe/caring environment. I will work in partnership with colleagues, parents, and the community to provide educative, play-based, programs that help each child reach his/her full potential. I will be an advocate for children and conscientiously promote the field of early childhood education. I will instil a life-long love of learning in each and every child.
